WE WOULD LIKE TO INTRODUCE — THE PRINTWORKS —

A STUNNING BRAND-NEW INVESTMENT OPPORTUNITY IN THE LUCRATIVE MARKET OF STUDENT PROPERTY

Located on the University of Central Lancashire's campus in the centre of Preston, The Printworks is the perfect solution for students looking for independent living in a student environment. The four-storey development comprises of 218 self-contained studios across two separate buildings. The development is the first all-studio student accommodation on the UCLan Campus.

The demand characteristics exhibited by students have changed over recent years. Many, especially those from overseas, no longer wish to live in converted houses or in the common "cluster-flat" student accommodation. They now require bespoke, purpose-built student accommodation (PBSA) which lies close to the educational hub.

THE INCREASINGLY INTERNATIONAL STUDENT POPULATION WHICH IS DEVELOPING IN THE UK MAKES ROOM FOR SAVVY INVESTORS WHO ARE WANTING TO CAPITALISE ON THE STUDENT PROPERTY MARKET

Overseas students — who on average require accommodation for 51 weeks in a year and expect a higher standard of living — are now acting like general housing consumers, opting to go for the best quality they can get at a reasonable price, not just the cheapest property on offer.

UNIVERSITY CITIES SUCH AS PRESTON WILL BE AT THE FOREFRONT OF THE INCREASE IN INTERNATIONAL STUDENT NUMBERS

The high worldwide ranking of the University of Central Lancashire (UCLan) and the attractions of the location itself build a solid foundation for the success of this development. The recent injection of capital through the Preston and Lancashire City Deal will boost the local economy and continue to build upon what attracts international students to the UK year after year.

HISTORIC DEVELOPMENT OF THE SITE

In its current layout, the site dates back to 1982 (Image 1) when the Prince Arthur Hotel and Thomas Powell Biscuit company occupied the site. Interestingly, the make up has remained largely unchanged. The main alterations have been the change in function to the buildings which have ranged from public houses, business outlets and hotel accommodation.

8. THE SITE TODAY

BESPOKE LANDSCAPING

The developer has gone above and beyond to make The Printworks a stylish and comfortable place to live for its student residents. A combination of bespoke landscaping and lighting creates a welcoming and pleasant environment.

THE BUILDING IN CONTEXT

THE CITY OF PRESTON

LANCASHIRE, UK

The Guild City of Preston lies in the heart of the beautiful Lancashire countryside, and has a population of approximately 140,000. It traces its history back nearly 1,000 years, and is a modern multicultural city built on the solid foundations of the Industrial Revolution.

Preston is the administrative centre of Lancashire, a county with a £25.5 billion economy that supports nearly 650,000 jobs. Equipped with a competitive cost base and good location near to Manchester and Liverpool, Preston is the engine room of Lancashire's economy and one of the largest local economies in the north of the UK.

ATTRACTED MORE OVERSEAS INVESTMENT IN Q1 2013
THAN ANYWHERE IN THE UK OUTSIDE THE CAPITAL

3RD BEST PERFORMING UK CITY FOR
PRIVATE SECTOR GROWTH 1998-2008

6TH TOP PERFORMING CITY FOR
GROWTH IN 2013

Preston has been reinventing itself since 1179 and continues to do so. With the government's economic strategy using cities to drive regional growth, Preston received an enormous boost to its economic growth aspirations with the announcement of the Preston, South Ribble and Lancashire City Deal:

- **£430 MILLION DIRECTLY INVESTED INTO CENTRAL LANCASHIRE**
- **EXPANSION OF TRANSPORT AND BUSINESS INFRASTRUCTURE AROUND PRESTON**
- **CREATION OF 20,000 NEW JOBS AND 17,000 NEW HOMES**
- **STIMULATING A FURTHER £2.3 BILLION WORTH OF LOCAL INVESTMENT**

UNIVERSITY OF CENTRAL LANCASHIRE

EST. 1828

Founded in Preston in 1828 as the Institution for the Diffusion of Knowledge, The University of Central Lancashire (UCLan) is one of the largest universities in the UK.

The staff and student community totals 38,000 and offers in the region of 500 undergraduate courses and 200 postgraduate courses. It is a leading seat of learning in terms of developing degrees in the emerging disciplines of fashion, forensics, journalism and sporting science.

STUDENTS FROM 120 DIFFERENT COUNTRIES

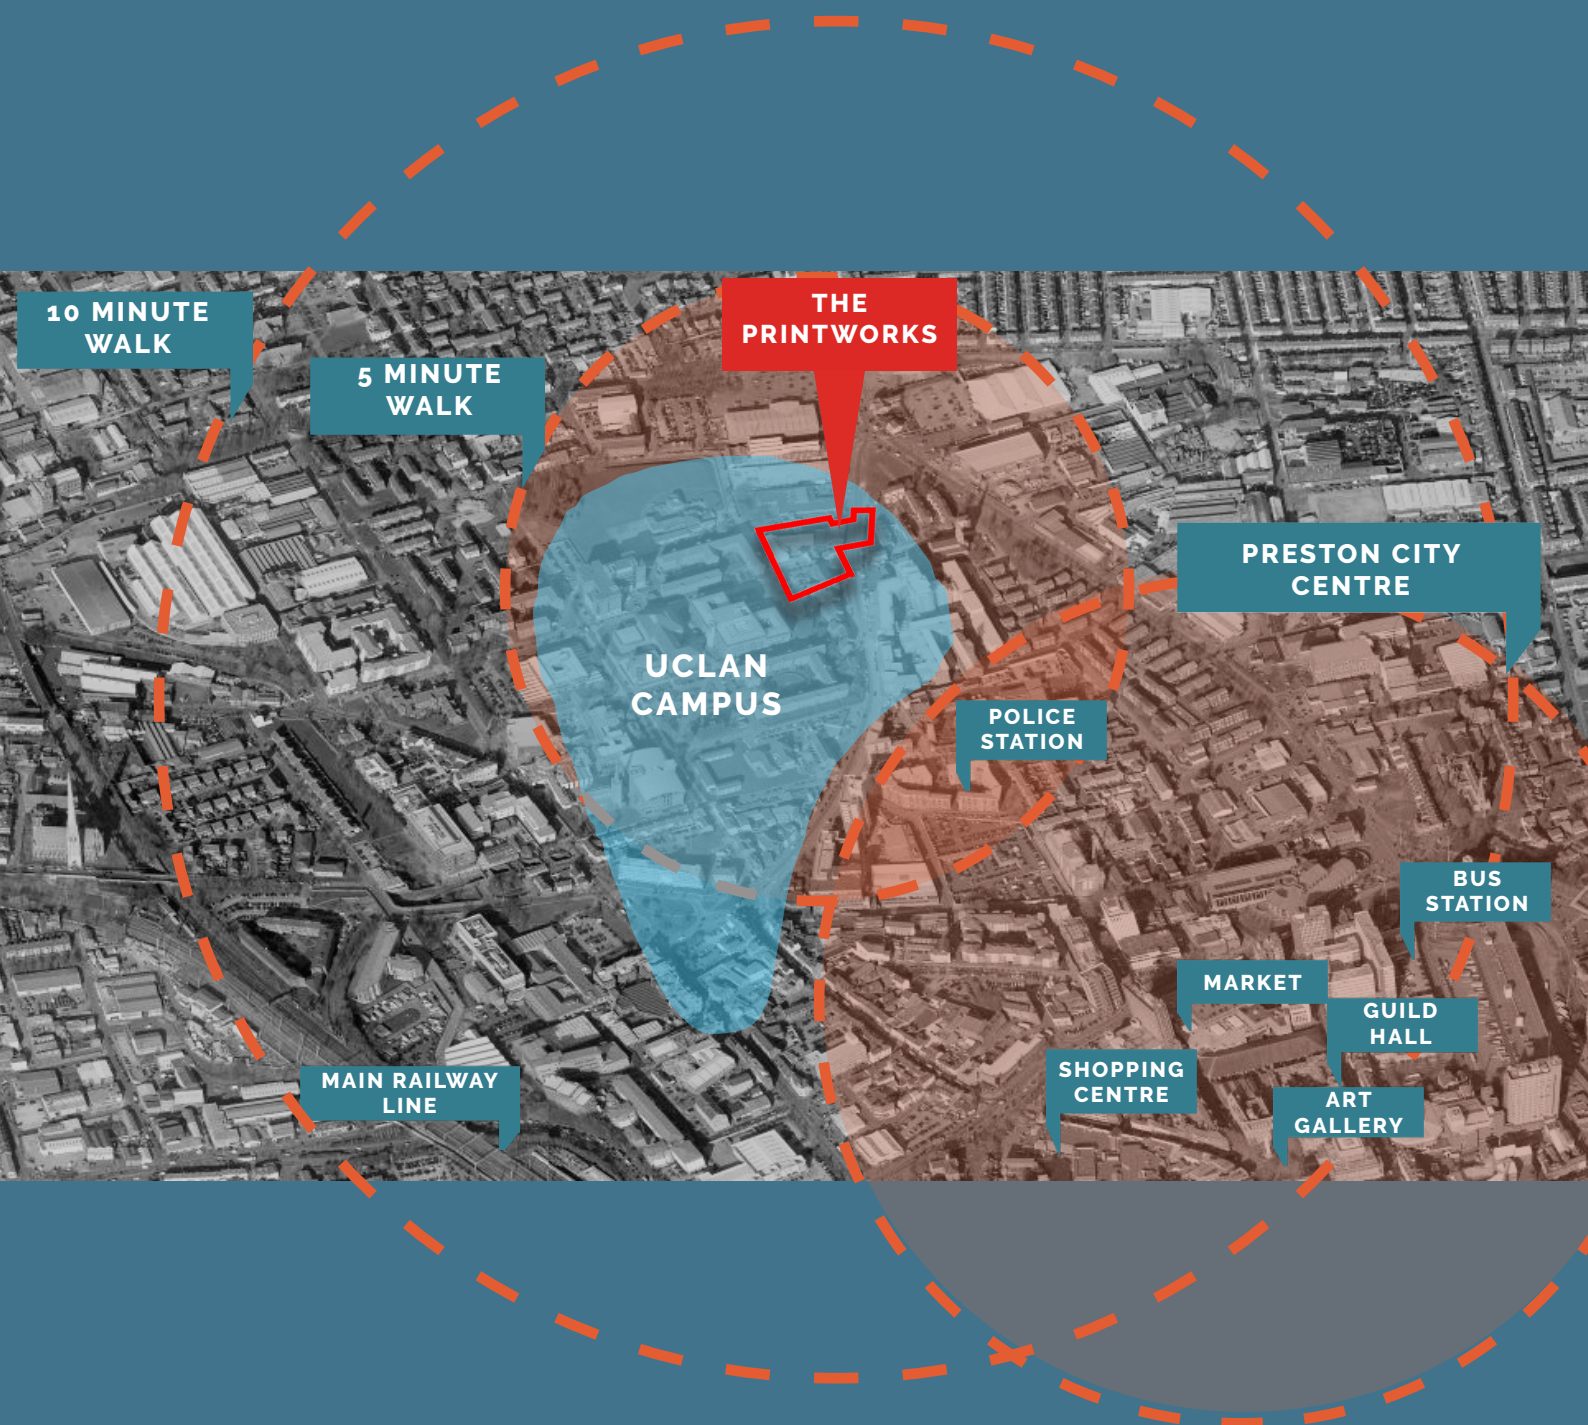

30,000 TOTAL STUDENT BODY PER ANNUM

8TH LARGEST UNIVERSITY IN THE UK

UCLan has recently spent £100 million upgrading its buildings, teaching technology and sporting facilities. A further indication of its ambitions, the University in 2015 also announced proposals for the investment of a further £200 million. This plan, known as the **Campus Masterplan 2020**, will comprehensively transform its Preston campus over the next decade.

CAMPUS WIDE ANALYSIS

As shown in the map below, The Printworks is in a perfect location for its student residents. The development is situated directly on the university's campus, meaning students are seconds away from academic buildings and university resources. Preston city centre is also on The Printworks' doorstep, with all amenities less than a ten-minute walk away.

UCLan CAMPUS MASTERPLAN 2020

In early 2015, UCLan announced its vision to create a unified, sustainable and welcoming campus which will enhance the experience for all those visiting the University.

This will be achieved with the completion of four major projects: The Student Centre and New Square, The Engineering Innovation Centre, The Social Spaces and the Oasis: Faith and Spirituality Centre.

The new facilities will attract and retain new talent to the campus whilst creating a cutting-edge environment that showcases the university's values of openness, transparency and accessibility.

So far, the project has achieved two of its goals with the improvement of social spaces at the heart of the campus and the completion of a bespoke multi-faith and spirituality centre in Spring 2018.

Further details and more in-depth updates of the UCLan Campus Masterplan can be found in our dedicated brochure.

NEW STUDENT CENTRE
NEW PUBLIC SQUARE

INVESTING IN PURPOSE-BUILT STUDENT ACCOMMODATION

PBSA

UCLAN IS THE 8TH LARGEST UNIVERSITY IN THE UK, BUT ITS STUDENT POPULATION IS CRITICALLY UNDERSUPPLIED BY ITS HALLS OF RESIDENCE ACCOMMODATION. THE 2,200 BEDS ARE CONSEQUENTLY LIMITED TO FIRST YEAR STUDENTS ONLY.

WITH INTERNATIONAL STUDENT NUMBERS EXPECTED TO CONTINUE GROWING ALONGSIDE A LIMITED NUMBER OF PBSA DEVELOPMENTS IN THE PIPELINE, PBSA IS EXPECTED TO REMAIN A LUCRATIVE INVESTMENT OPTION FOR THE FORSEEABLE FUTURE

Purpose-built Student Accommodation (PBSA) offers lucrative investment returns. While many assets in alternative industry sectors are underperforming, PBSA has grown in to the top-performing asset in the UK over the last three years according to Savills.

Globally, investment in student housing has risen from \$3.4 billion to \$7.2 billion between 2007 and 2013. Although it is mostly institutional investors that have led worldwide investment (accounting for more than 57% in terms of overall sales volume), the private sector is claiming an ever larger share of the market.

On the world stage, the higher education sector is currently being valued at approximately \$164 billion, and predictions are that this figure will reach \$200 billion in the next ten years.

Specifically, in terms of international students domiciled in foreign countries while they study, their numbers during the next decade are expected to reach 3.9 million. In the UK, this population has doubled in size in the last ten years and Knight Frank predicts growth of up to 20% over the next five years.

Now more than ever, students are approaching the property market as adult consumers. They want a premium standard of living at an affordable rate, two things which PBSA provides.
